## TO OUR VISITORS

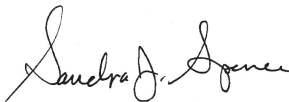

Welcome to Clarence Cannon Dam and Mark Twain Lake and thank you for visiting us. We are just one of five lakes and many miles of riverway offering exceptional opportunities for water recreational activities managed by the St. Louis District. Surrounding these waters are thousands of acres of public land managed for your enjoyment of natural resources.

All members of the U.S. Army Corps of Engineers team appreciate the opportunity to be of service to you. To assist you during your visit, we have developed a variety of publications. They are available from the project office, campground entrance booths or a park ranger.

Please become familiar with the rules that apply to your recreational activities. They have been developed to make your visit safe and enjoyable and to preserve natural resources. If you observe anyone performing unsafe acts or otherwise violating regulations, please contact a park ranger.

The St. Louis District hosts millions of visitors annually. Please be extremely careful in and around the water, on trails, and near bluffs or steep areas. One careless moment can result in a lifetime of regret. Remember to wear your life jacket when you are on or near the water.

We hope your visit will be a pleasant experience. If you have questions or suggestions, please contact us at the phone number or address on the back of this publication. We are here to serve you. Come again soon, and tell your friends about this beautiful natural resource in Northeast Missouri.

  
Sandra J. Spence  
Operations Manager

Rules and regulations governing public use of U.S. Army Corps of Engineers water resource development projects are published in Title 36, CFR and are posted on bulletin boards or are available from a park ranger. The following additional regulations are in effect for all U.S. Army Corps of Engineers, St. Louis District Projects as authorized in Title 36, CFR 327.12a.

1. The operation of powerless flight devices including, but not limited to sail planes, gliders, balloons, parasails, and hanggliders is permitted. Powerless flight devices shall not be operated on any part of the dam, roads, bridges, or over beaches or other heavy use areas.
2. The use of all kite tubes, defined as a "towable, inflatable device designed to be airborne", are banned from use on Corps managed waters throughout the St. Louis District.
3. All waste water must be collected in a container and disposed of in authorized disposal facilities. In primitive areas where sanitary facilities are not provided, human waste must be buried 100 feet from any body of water and/or campsites.
4. The use of all America the Beautiful Passes, Golden Age or Golden Access Passports by someone other than the person to whom the pass was issued is prohibited.
5. All motorized vehicles operated on roadways on public land administered by the Corps of Engineers must be licensed and operated by licensed drivers.

6. Picnic areas, designated by the Operations Manager and marked with appropriate signs, close at 10:00 p.m. Other areas, which are not posted, will remain open to public use.

7. Alcohol is prohibited on the sand and water portions of all swimming beaches and other nearby facilities normally associated with beaches which are marked with appropriate signs. These facilities include, but are not limited to, picnic areas, parking lots, picnic shelters, etc.
8. All glass and other dangerous objects, including but not limited to, lawn darts and horseshoes, are prohibited on the sand and water portion of swimming beaches.
9. To avoid unsanitary conditions, all food, pets, and waste materials are prohibited on the sand and water portions of swimming beaches.
10. Beach users must stay within designated swim area.

11. A responsible person must register and pay fees within a reasonable time after a camp is established or when the fee booth opens. Check out time is 4:00 p.m. Reservation sites will be available for occupancy when available, but not later than 5:00 p.m. The maximum number of campers per site is eight.
12. The total number of camping units per site is limited to one recreational vehicle or trailer and three additional tents. If no recreational vehicles or trailers are on the site, a maximum of four tents will be permitted. The maximum number of people permitted to stay overnight on a site is eight.
13. Campground roads and facilities are to be used by registered campers and their visitors, only. Interfering with, or restricting the use of the shoreline by boaters or other lake users is prohibited.
14. All wheeled vehicles, including but not limited to mopeds, minibikes, boat trailers, motorcycles, and other vehicles, must be kept on camping pads registered to vehicle users or in designated parking areas. All motor vehicles must be parked lengthwise on the camp pad except at sites with irregularly shaped pads. Parking on the grass, roadside, or obstructing traffic is prohibited. Empty boat trailers may be stored on the grass provided that they are moved onto and off the grass by hand.
15. Picnic tables and lantern holders must remain on gravel surfaces at campsites with gravel impact areas.
16. To avoid tree damage, hanging lanterns are to be suspended a minimum of 8' from the side of trees and 24" from overhead limbs. Do not drive axes, nails or other objects into trees.
